SARASOTA INTERIOR
DESIGN GROUP

About Us

Sarasota Interior Design Group is an Interior Design firm offering a wide range of residential and commercial design services. From complete start-to-finish projects to one-hour consultations, all work is treated with the same professional approach.

Because each client's style is unique and personal, SIDG produces designs in the style most appropriate to the client and the project at hand, without having our own "signature style". The client's complete satisfaction is our ultimate goal.

Supporting the Arts and Making A Difference

Sarasota Interior Design Group is dedicated to making a difference in our local community and in the world. The measure of our success is more than the profit shown on a financial statement. Success is measured by our ability to reach out to a world needier than ourselves and make a difference in the lives of others.

Our "virtual" art gallery, Sarasota Art for Humanity Gallery, is an ever-expanding database which features many of the most creative local artists. SIDG donates 5% of all art sales to local and global humanitarian charities, as well as raising additional funds at our frequent art events.

Connie Allegra, ASID

FI Registered Interior Designer

Connie Allegra is a Florida Licensed Interior Designer (ID 5496) and owner of Sarasota Interior Design Group. The office of SIDG also houses Sarasota Art for Humanity Gallery. The gallery, also owned by Ms. Allegra, showcases some of

the area's most creative artists. A portion of all gallery sales are donated to local and worldwide charities.

Connie graduated Summa Cum Laude from the International Academy of Design and Technology (IADT) in Tampa with a Bachelors of Fine Arts in Interior Design. She also holds a Bachelors of Science degree in Marketing from the University of South Florida. She is a Professional member of the American Society of Interior Designers (ASID) and is an NCIDQ certificate holder.

Ms. Allegra has extensive experience in residential and commercial design. Her experience includes all aspects of Interior Design including programming, space planning, color and finish selection, construction documentation, and project management. Connie is proficient in AutoCAD and Architectural Desktop, allowing her to clearly communicate all design details to her clients, as well as the architects, contractors and other professionals on the job.
